STATE FAIR CLUBS IN EACH OF 119 COUNTIES

"BOOSTERS" WILL BE MAR-
SHALLED IN IMPOSING ARRAY
IN EVERY DIRECTION.

Kentucky State Fair clubs in every county in the state are promised long before the gates open for the big annual exhibition on the magnificent fair grounds which are the property of the people of Kentucky. These Kentucky State Fair clubs will be organized in connection with the county meetings of the Farmers' Institutes. The members of each of these clubs are expected to become "boosters" and will have as their slogan, "I'll be there; will you?"

The forming of these state fair clubs alone is expected to mean a big increase in the attendance at the fair from each of the counties of Kentucky.

In addition, the fiscal court in each of the Kentucky counties will be asked to make an appropriation of \$100 for a county display. There is not a county in the Commonwealth but which has one or more products of which it is justly proud and it is these products which the respective appropriations will pay for displaying. Therefore, it not only will be state pride which will be on trial, but county pride as well. A good natured rivalry will thus result which should send the citizens of the different counties back home prouder than ever of the resources of their respective communities.

PREMIUM LIST GREAT FEAST

RURAL SCHOOLS RECOGNIZED

KENTUCKY STATE FAIR GOES THE
LIMIT IN ENCOURAGING
EXHIBITORS.

The annual premium list for the Kentucky State Fair, which is just out of the hands of the printer, teems with good things in the way of awards, all of a character to attract exhibitors. Thousands of copies are being mailed to prospective exhibitors and the demand for them is unprecedented. A glance through the pages of the premium list, which is attractively gotten up both from a standpoint of mechanical work and of arrangement, furnishes pleasing surprises.

Among the new departments will be the educational, with prizes for the children in connection with the rural schools. These prizes will be divided among the classes in sewing, cooking, map drawing, model lessons, writing, spelling, etc. The premium list was placed in competent hands by Prof. Ellsworth Regenstein, at the head of this department, he having designated Mr. McHenry Rhodes, of Owensboro, and Prof. T. J. Coates, of Richmond, for that purpose. Such a department is certain to appeal to the enthusiasm of both teachers and pupils, and spirited contests are expected.

This recognition of the rural schools is in line with the policy of the management to recognize the sections of the state from which a big part of the support for the Kentucky State Fair is expected.

PERRY'S VICTORY ON ERIE TO BE DISPLAYED IN FIRE

Triumph of Pyrotechnic Art, Something Absolutely New, Will Be Seen at Kentucky State Fair.

From the amusement standpoint alone, as divorced from the more serious or the educational end, the Kentucky State Fair of 1911 will make a big hit. Amusements of a character which will not give offense, but which still are up to the minute, have been contracted for, and it will be to laugh every minute while the visitors are in the proper section. The marshalling into a band of several big, clumsy elephants is an entirely new and diverting feature from a pleasure standpoint. The Whirling Lunette Sisters will make the average person dizzy in a very few minutes and their gyrations are a wonder.

The combination feature known as the "Loop the Loop" and the "Gap the Gap," one of the most thrilling feats ever attempted anywhere, is certain to draw thousands daily to the scene of this dare-devil ride. The head-on collision between two monster engines, each weighing 40 tons, will provide sensations enough to last a week. The two engines are started towards each other on a track and permitted to crash in front of the grand stand.

Kentucky's Commissioners. The pyrotechnic displays will draw both old and young as if by magic, as the features arranged for this year will be certain to please. In this instance the state fair management has not been sparing of money as it decided that it were better to have none unless it be the best.

Kentuckians should be especially interested in the graphically spectacular display of the Victory on Lake Erie, as Gov. Willson has already appointed commissioners from this state to the centennial celebration in 1912.

Other beautiful and impressive figures shown in fire will be produced nightly by the Pyro-Spectacular Company of Rochester, N. Y., with which concern the contract has been made.

CANINE HUMOR.

More Marked in Mongrels Than in Dogs With Pedigrees.

I generally find, writes a well known English scientist, that mongrel dogs when they happen to be sociable have a keen sense of humor. An aristocratic dog with a pedigree may have some inherited smartness, but has no originality. A common yellow dog with no ancestry to speak of, who has to gain his living by his wits, could give him cards and spades at his own tricks in two lessons.

Once I took into the house out of pity a mongrel yellow dog who insisted on installing himself at my doorstep and always came back, no matter how often he was chased away. I had at that time a pedigreed water spaniel, and I tried to teach him some tricks when I took him out along a quiet road at times. The yellow dog, who made friends with him, always came along and beat the water spaniel at his own tricks without training. Then he began to play tricks of his own on the spaniel. When he had a bone he looked out for his comrade, and when he saw him loping along he would lay the bone in his path and disappear. The spaniel always made for the bone, but the yellow dog, just as he was about to grab it, would dart from his hiding place and, seizing it, run off with it. This happened over and over again, but the high bred spaniel never tumbled to the joke.—New York World.

TEN KINDS OF MONEY.

But Not All of Uncle Sam's Assortment Is Legal Tender.

Uncle Sam officially has ten kinds of money—gold coins, standard silver dollars, subsidiary silver, gold certificates, silver certificates, treasury (1890) notes, United States (greenbacks) notes, national bank notes, nickel coins and bronze coins—says the Indianapolis News. While some of this paper currency is not legal tender, minor coins are legal tender in small amount. Legal tender is so called because in payment of a debt or obligation of any kind it can be forced on the creditor "in full of all demand."

Gold certificates, silver certificates and national bank notes, despite the enormous quantity in circulation, are not legal tender. So far as silver coin is concerned, only \$10 worth of "halves," "quarters" and "dimes" are legal tender, and, as to nickel and copper coins, only 25 cents can be forced on the creditor. However, with the standard silver dollar there is no limit to the amount to be paid in liquidation of a claim. The creditor can refuse the silver certificate, but when it comes to the "dollar of the dads" the dollar must be received at its face value, even if a thousand weigh 58.92 pounds.

Jack Robinson. A. Foxton Ferguson of Oxford university, speaking of the old time ballads, said that as most of the public executions took place in some park or market place, where everybody could be present, the onlookers oftentimes amused themselves by singing ballads giving the entire history of the victim, and this is the reason why so many of the old songs are concerned with the hangman and the gallows tree. Particularly interesting also was his description of the origin of the expression "quicker than you can say Jack Robinson," heard so often in both England and America. It came, he said, from an old ballad about a sailor named Jack Robinson, who returned to Portsmouth, England, to find his old sweetheart married to another. The poor sailor vowed that he would roam the seas forever, which he set out to do hardly before his friends realized what he was doing. They called after him, but he had gone.

Why Business Fell Off. Two London business men were talking when a seedy individual came up and spoke to one of them. After he had gone the one to whom he had spoken said to his friend: "That's a brother of mine and about the most unfortunate fellow in the world. I have set him up in business three times. The last time I bought a pork shop business for him in a place called Barking. After a few weeks he wrote and said the business had all dropped off. Would I come up? I went, and the first thing that caught my eye was a ticket in the window inviting the public to 'Try Our Barking Sausages.'"

Making the Cormorants Work. The cormorants are among the most interesting and useful birds in the world. They are employed in the fishing industry off the coast of Scotland to a large extent. They are easily trained to work for their owners, who place a brass ring round each of their throats so as to prevent the birds swallowing. They naturally feed upon fish and soon learn to deposit what they catch in their owners' boats. They display remarkable cleverness in time, and a good fisher is worth a good deal of money to a fisherman.

Lottery Chances. M. Henri Poincare, the mathematician, told us a few years ago that if every one who buys a lottery ticket knew how little chance there was of any one winning a prize there could be no successful lottery. The chance of each was about equal to the danger of being killed in a railway accident.—London Truth.

The Greater Field. "Father, I am not sure whether I shall be a specialist for the ears or the teeth." "Choose the teeth, my boy. Every one has thirty-two of them, but only two ears."—London Tit-Bits.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it to be a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Mustache Makes for Health.

Dr. Paul Kruger, a well-known physician of Vienna, affirms that the mustache has a distinct value for the health. He believes that its utility lies in protecting the nose against the invasion of dust and bacteria. Recording 500 cases of severe headache and throat and nose trouble among his men patients, he found that 420 of them had their upper lip clean shaven.
